Welcome to Mount Litera Zee School Ahmedabad, or rather an inspiring school of thought striving to create the next generation of innovative thinkers.

## :: TESTIMONIALS ::

The students at MLZSA have the confidence that whatever interest they have within them, they can give their best. That is I think more important in the overall development of the child than pure academics. The school has been growing and I am really proud of the way the facilities are being arranged and expanding. MLZSA focuses in instilling positive values and compassion in its students. It is building Citizens of tomorrow. MLZSA has provided a multi-dimensional platform for my children to experiment as well as get exposed to various thought and experiences.

Since the day I heard that MLZSA is going to open in Ahmedabad, my search for good CBSE School ended and I decided to take admission of my daughter in this school. Now as my daughter has completed 2 years in this school, I can say that the management of this school is truly child centric in every sense. Teachers are also highly efficient and dedicated not only about the studies but also on overall development of the child. In this current pandemic situation also, the school has left no stone unturned and has bridged all the gaps in providing continuous schooling to all the children. My child loves this school very much.

This school is perfect for both my children Hemil and Viaan. Both my children love MLZSA. My children have made wonderful improvement, not only academically but also with their confidence. The support of the teachers has been outstanding. I think using the technology on a daily basis is giving my children an advantage educationally.

My son- Jaisil Patel is a student of your school. I am happy & impressed by seeing vision of school & they did what they committed. My son has achieved all kinds of skills after entering the school. They are keeping the parents updated about their kid. That is very commendable. I give full credit to the management & teachers for their hard & constant efforts in achieving excellence in their students. I pray for more success at a constant pace.
